

Coronavirus or Covid-19 is a virus that is making people very sick.

People who have this virus can have:

- A temperature.
- A cough
- A sore throat
- Trouble breathing

Some staff may get sick and they will not be able to work.

This is so you do not get sick.

You might have some new staff that will come to your house to help you.

These new staff will get to know you by reading your care plans and personal profiles.

You can help by talking with new staff about what you like and dislike.

You can also show them what you do:

- In the morning.
- During the day.
- In the evening.

If you are worried or need help you can:

- Ask your new staff.
- OR
- Call your support leader

Your staff will be back to work when they are better!
